

Personalized workspace options from Novus deliver a clean look, improved ergonomics, and the freedom to easily change your workspace. NOVUS More Space sets provide clever all-inclusive solutions for any workspace.

This set increases organizational possibilities for a clutter-free workspace. The Business Board elevates a unique set of organizational trays and telephone holder to maximize your work surface.

The BoardMaster provides the base of the set with its metal trays elevated by two columns with universal clamps 1 that firmly attached to any desktop.

The TalkMaster telephone holder has a range of 27.56", is easy to position with a two-part articulated arm, and can swivel a full 360 degrees. The 10.16" by 6.77" telephone plate can be mounted lengthwise or crosswise depending on the telephone style.

Completing the set is the CopySwinger III tray set. Each tray is clear acrylic for easy viewing and is designed with a unique recessed grip for ergonomic handling. Each individual tray can swivel 360 degrees.

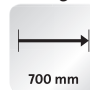

The NOVUS TSS Wall Station is covered by a 5 year guarantee and is not suitable for monitor arms.

Item Number	Base	Width	Range
220+0140+000	Universal Clamp 1	39.37"	27.56"
